As Kren
Footprints

One night a man had a dream. He dreamed he was walking along the beach with the Lord. Across the sky flashed scenes from his life. For each scene, he noticed two sets of footprints in the sand, one belonging to him and the other to the Lord.

When the last scene of his life flashed before him, he looked back at the footprints in the sand. He noticed that many times along the path of his life there was only one set of footprints. He also noticed that it happened at the very lowest and saddest times in his life.

This really bothered him and he questioned the Lord about it.

"Lord, you said that once I decided to follow you, you'd walk with me all the way. But I see that there was only one set of footprints. I don't understand why, when I needed you most, you didn't walk with me."

The Lord replied, "My dear, my precious child, I love you and I did walk with you. I took you through those times. But there was needed to be a time when I would allow you to walk by my side, so I would leave my prints on your heart."

PREFACE

This is my 13 years of research! I still have goals--STEWART's, VANMATRE's (I think if I find Margaret's parents, I have it on back to 1600's), WILSON's, etc.

I have corresponded with all the distant relatives I can find, and it has been so rewarding. Most of the states, including Alaska, Scotland, England, Germany and Australia.

A Big Thanks to all who contributed names, dates, and places--your names are on the family group sheets (fgs). Two (2) blank trees and four (4) blank fgs are at the back for your use. As you find new information, deaths and places, etc., feel free to enter them on my pages.

I numbered all CARTER children and generations, and grand children, etc. as Levi CARTER is generation 1.

Levi's children are gen. 2.1, 2.2, 2.3 etc.

Elijah CARTER's children are gen. 3.1, 3.2, 3.3 etc.

as are Levi's gr ch.

Vincent's children & Levi's gr gr ch are Gen. 4.1, 4.2, 4.3 as are Elijah's gr ch.

Vincent's gr. ch. & Levi's gr gr ch are Gen. 5.1, 5.2, 5.3, as are Elijah's gr gr ch

Vincent's gr gr ch (my gen.) are Gen. 6.1, 6.2, 6.3

Gen. 7 (children are not numbered)

But, due to the size of the book, all are not included. Maybe I can help you further, so please write!

Photos are indexed as p12 (photo page 12)

Reunions are d 93 (as descendants of--found on page 93)

Please excuse mistakes, and I would appreciate knowing the correct information.

A Big Thanks to Leonard, my husband, for taking me to libraries, especially the Family History Center (FHC) at Salt Lake, where we often stayed to let me research 5 days--7:30 a.m. to 9:45 p.m., with two breaks to fast foods. I have been to numerous other library and genealogy centers, read thousands of microfilm, and microfiche, and books. I've corresponded with most of the Court Houses involved, for documents; National Archives for military records; County Genealogy Centers for county histories; cemetery records; vital records; etc. District Courts for Naturalizations; Cemeteries, etc. Many of the documents are included in my book.

I hope you enjoy the information I've compiled in this book, and have a greater knowledge of the lives of our forefathers. They had to be strong to endure such hardships, primitive life and travel.

I wanted to especially preserve this information for my nephew and niece, namely, John Michael CARTER and Rebecca Jane CARTER MITCHELL and their children: Duffy and Jefly CARTER and Jeff and Wil MITCHELL, all cousins, and other relatives that might be interested.

This CARTER book is truly another dream come true.

Hooked on Genealogy.

Elizabeth CARTER SCHNEEGEBERGER

The cover page was prepared by my nephew, John Michael "Mike" CARTER, of Wichita, Ks., and his son, Wm. Duffy CARTER, a Soph. at L-State, Manhattan, Ks. My sincere thanks to both for the lovely work to adorn the cover of my book.

I had the privilege of touring 18 days in England, Scotland, Wales, and Ireland, May 3-20, with 3 cousins on mother's side: Betty Dodson, of N. K.C., Mo; Margaret Branstetter, Green City, Mo. and Dorothy Smith, Unionville, Mo. "We had a ball"--visited 2 families of second cousins, visited Mother's birthplace at Cambusbag Farm, Callander, Perthshire, Scotland, and her second home, Muirhall Farm, near Carnwath and Auchengray, Lanarkshire Scotland.

My other, John P. CARTER and wife, Doris returned from Ireland, Wales, England, and Scotland, yesterday Aug 15, after 20 days. Scotland is a beautiful place. They visited Callander, birthplace, Edinburgh, and Glasgow, as well as various places in Ireland--Doris' heritage.

RELATIONSHIPS

There are at least two accepted ways of figuring relationships. One is called the Common or Canon Law method, and the other the Civil Law method. Both agree when figuring the direct or lineal descent. They differ only in figuring the collateral relationships. As the Common or Canon Law method is now in general use and gives a more accurate description of "cousinship," we will not consider the Civil Law method, but present for your use a chart, especially prepared for this publication, which shows (according to the Common or Canon Law), the relationship of descendants to a progenitor to the tenth generation. Also the relationship between his descendants, in any combination of degrees from him, down to and including the tenth generation.

How to use relationship chart

You will note that the two upper columns are outlined in heavy lines. These are the common progenitor and his descendants. "CP" stands for common progenitor, the one who is the head of the two lines of descendants. "S" is his son or daughter as the case may be; "GS" his grandson or granddaughter; "GGS" his great grandson or granddaughter; and so on down to his eighth great grandson or granddaughter.

All the diamonds inside these heavy lines show the relationship between his descendants. By following columns "1" from both sides of the chart we find they cross at the "1C" diamond, indicating that generations of the common progenitor are first cousins to each other. And so on down; his grandsons are second cousins, his second great grandsons are third cousins, his third great great grandsons are fourth cousins, etc.

If this causes few people to have trouble in figuring relationships, it is when they start to figure the "cousinship" and "times removed" that they have difficulty. But with this chart you will find no trouble with any combination of degrees up to the tenth generation, and by following the patterns set by this chart you can go as many generations as you desire. Say you want to figure your relationship to a distant cousin. You are eight generations removed from the common progenitor, or his sixth great grandson. Your "distant cousin" is six generations removed or his fourth great grandson on another line. To figure your exact relationship simply follow columns "A" on the one side and "B" on the other to where they cross and you find "3C 2R" indicating you are fifth cousins twice removed.

If you want to find your relationship to the son of your fifth great grandfather, follow columns "1" and "7" which show you are his fourth great grandson (4 GGN). Likewise, you are a first cousin six times removed (6 1R) to the grandson of your sixth great grandfather.

This method of figuring relationships is in general use by most courts of the country and was recently adopted for use of the patrons of the Genealogical Society of the Church of Jesus Christ of Latter-day Saints.

As additional aids to understanding terms used in relationship descriptions we give the following:

The parents of your father or mother are your grandfather and grandmother and you are a grandson to them. (GS)
The parents of your grandfather or grandmother are your great grandparents and you are a great grandson to them. (GGS)
The parents of your great grandparents or great grandparents are your second great grandparents and you are a second great grandson to them, etc. etc. (2GGS)
The children of your brothers and sisters are your nieces and nephews (N) and you are uncle or aunt to them.
The children of your nieces and nephews are your great nieces or great nephews (GGN) and you are great uncle to them.
The children of your great nieces and great nephews are your great great nieces or great great nephews (GGS) and you are great great uncle to them.
The children of your great great nieces and great great nephews are your great great great nieces or great great great nephews (GGGS) and you are great great great uncle to them.
The children of your great great great nieces and great great great nephews are your great great great great nieces or great great great great nephews (GGGGS) and you are great great great great uncle to them.
The children of your great great great great nieces and great great great great nephews are your great great great great great nieces or great great great great great nephews (GGGGGS) and you are great great great great great uncle to them.
The children of your great great great great great nieces and great great great great great nephews are your great great great great great great nieces or great great great great great great nephews (GGGGGGGS) and you are great great great great great great uncle to them.

How to figure cousin relationship. Then subtract the smaller number from the larger and count down to the subject; subtract one from the smaller of the two figures and it gives you their cousinship.

Another example: Subject No. 1 is 9 steps down from the common ancestor. Subject No. 2 is 6 steps down from the common ancestor, 6 - 1 = 5th cousin; 6 - 5 = 3 times removed. So they are fifth cousins three times removed. (5C 3R).

Of course, if the steps down from the common ancestor are the same you simply subtract 1 from that number and it gives you their cousinship and there are no times removed to be figured. Remember also that the common ancestor is never counted when figuring the steps down to the subject, just as it appears on the chart.

THE HOW BOOK FOR GENEALOGISTS
CARTER COAT OF ARMS

The most important aspect of their heraldry is the cartwheel, topped with an English hunting dog, or greyhound, an animal noted for its speed and swiftness.

The arms or shield is on a silver shield, and the chevron between three green cartwheels. Cartwheels are symbolic of the occupation and give evidence of the origin of the name. The chevron is traditionally decorative, while the helmet above the shield is associated with the "English Gentlemen," indicating social status.

The crest on a green mount (or helmet), has a silver greyhound in a sitting position holding a silver shield on which is a green cartwheel.

Inscribed on the scroll below the shield is the motto, "PRAESTO ET PERSTO" a Latin phrase, meaning "Preparedness and persistence".

Colors: green (wheels, chevron, part of armorial bearings), principal color of charges symbolize hope; silver, (dog, shield, helmet and some of the armorial bearings), and color of the field and the greyhound symbolize "peace and sincerity".

LEVI CARTER, my Patriot

My real search for information on Levi CARTER, my great, great, great grandfather began in 1977. My father, Duffy CARTER, told me in 1961, that Levi CARTER came from Wales to New Jersey.

Levi and other CARTERS (John Sr.; Joseph; Caleb Sr.; and Nathan) were traced together from New Jersey to Greene County, Tennessee, and may be brothers. Also Ephriam and David.

In 1772, Caleb CARTER, Sr. claimed 400A of land in Monongalia County, Virginia.

Two years prior to the Revolution, they served in Lord Dunmore's War. The document, "Captain Zackquill Morgan's Roll", p. 19-20 with seventy-six names, days served, and pay, dated 4 Oct 1775, included these names:

Levi (Levi) CARTER 162 days; Pay 12:3:0
Caleb CARTER 162 days; Pay 12:3:0
Joseph CARTER 162 days; Pay 12:3:0

Levi (Levi) possibly about 40 years of age, had an active frontier life like others of his generation, and was fully capable of withstanding the hardships of military service. During this time, 1775-1777, Levi CARTER had land on Indian Creek, at the mouth of Lemasters Run, near present day Arnettsville. The town was Point Marion, Virginia, where the Monongahela River and the Cheat River meet.

Levi CARTER and John CARTER, Sr. both served two months at Pickett's Fort, located on the Monongahela River about twenty miles south of present Morgantown, Virginia. They were under the command of Capt. William Haymond and Lt. Morgan Morgan. This document, preserved by the Haymond family, carries the title of "Pay Roll of Capt. William Haymond's Company of Monongalia County Militia", from the 15th of April until the 12th of June 1777. Twenty eight names were on the payroll.1

Later in 1777, CARTER's moved south through the Shenandoah Valley, Appalachian Mountains, to Surry county, northwest North Carolina, just south of the Virginia line, where Levi Sr., Caleb, Jesse, Nathaniel, John and others are listed as soldiers from North Carolina.2

DUNMORE'S WAR
1774

- Lord Dunmore, starting from Winchester, augmented his army at Pittsburgh and Wheeling from which latter place he marched for the Shawnee towns, ordering Col. Lewis to meet him on the Ohio.
- On Dunmore's order Col. Andrew Lewis assembled, at the head of the Greenbrier, the militia from Augusta, Botetourt and Fincastle counties, and marched up the Kanawha to meet Dunmore.

Map indicating various geographical features and events associated with Dunmore's War. The map includes annotations for important places and dates relevant to the conflict.

Drawn under the supervision of Louise Phelps Kellogg.

The CARTER'S of Washington and Sullivan counties, North Carolina (Greene county, Tenn., by 1783) were included in 1780-81 "Inventory of Taxable Property of the Twelfth District in the Present Circulating Currency" from Washington county, North Carolina. Abraham (oldest son of John CARTER, Sr.); Caleb Carter, Sr., not Levi's son; John CARTER; Joseph CARTER; and Levi CARTER. They paid taxes until the 1783 Land Act by North Carolina, when each CARTER head filed a claim for a given number of acres. Levi CARTER, Sr. and John CARTER Sr. with adjoining tracts of land on Lick Creek possessed no more than squatter rights--built a Port (CARTER PORT), planted a crop, and tried to obtain a deed.

A historical marker "John CARTER established a settlement in 1783" at CARTER'S STATION in Greene county, Tenn., located 8 miles northwest of Greeneville on Hwy. 70, near the old Albany Post Office. Originally it was on the old Babbs Mill Wagon Road that ran east and west through Greene county from near Rheatown to the Hawkins county line near Bull's Gap. CARTER'S built their PORT on present-day site of CARTER'S STATION and Cemetery, where they fought the Cherokee Indians at Lookout Mountain. It was an intensive battle and lasted nearly a decade, with the whites prevailing.

A Revolutionary War voucher made out to Levi CARTER, State of North Carolina, No. 3538 was for $12.3. The auditors for the counties of Washington and Sullivan, North Carolina, certified that Levi CARTER received in account twelve pounds, three shilling, dated 12 June 1783.

The CARTER'S of Surry county, North Carolina, had supported the Revolution in both Virginia and North Carolina, while living on Indian lands, and had contributed soldiers to the cause. The King's proclamation in 1763, forbid white settlement west of the Appalachian Divide, so they were vulnerable to severe punishment by the British. Local Tories could identify the CARTER'S as enemies of the King, and soon after 1782, the CARTER Patriarchs reached the conclusion that they could save their families by migrating en masse with the other threatened families to the Watauga-Tennessee Valley frontier. Some of the CARTER'S in the War lived long enough to apply for a Revolutionary War pension about 1830, and gave New Jersey as their birthplace.

These claims along Lick Creek were entered in North Carolina books during 1783-84, but four to ten years passed before receiving a full title. No sooner than the ink was dry on the original claim, ownership began to change by way of sales and purchases, gifts to children or other relatives, and by bequests to heirs. The original surveys and plats of CARTER land grants are in North Carolina State Archives at Raleigh.

affixed. Witness: Richard Dobbs Spaight, Esquire, our
Governor Captain General and Commander in Chief, at Newburn,
the 12th day of January in the 17th year of our Independence
and in the year of our Lord 1793. Signed: J. Glasgow, Sec-

Levi CARTER'S name appears frequently in the Greene
County Court minutes from 1783- , as well as that of Abraham,
James, Joseph and Daniel. Caleb and Levi are named in 1784,
in court cases as plaintiff or defendant; or to register an
earmark for their hogs; jury lists; or appointments. In Aug-
ust 1786, "Ordered that a road be laid off from Babs Mill to
the County line below Swan Ponds", and named Joseph CARTER,
Abraham CARTER, Levi CARTER and nine other men to view, mark,
and report to the November Court. This was the year 1786,
that Levi CARTER'S son, our Elijah CARTER

In December 1784, the State of Franklin was organized;
and Southwest Territory (South of Ohio) was formed to provide
state or territorial government for Washington, Sullivan and
Greene counties.

CARTER STATION Campgrounds date back to September 20,
1787, at which time one of the church founders, Joseph CARTER,
received a land grant from the State of North Carolina. A
Christian Society was organized in 1790 and an outdoor preach-
ing place was built on the hill in the present CARTER'S STATION
cemetery. Traveling circuit riders preached at CARTER STATION
in the early years, and services were held there until the
Great Revival Era near the turn of the century. Shortly after
1800, a church, 40 x 30 was built of hewed pine logs, two-
story covered with boards and had but one window. Two local
ministers, The Rev. Benjamin Van Pelt, and Rev. Benjamin
Williams served the church for many years. The latter is
buried on the camp meeting ground. The Van Pelt home on Lick
Creek was a favorite stopping place for Bishop Francis Asbury
when he visited the area. This famous camp meeting site, had
a large shed early in the century. A second shed was built in
1847--"the best in East Tennessee". In 1836, nine addi-
tional acres was purchased for camp meetings. In 1878 the
present building was erected. "The present congregation at
CARTER'S STATION United Methodist Church (formerly Albany)
is striving to fulfill their obligation to God and to the
founders of Old CARTER'S STATION, and pledge to keep in ser-
cvice that which in trust has been passed down to them".

CARTER'S were numerous in America at the time of the
first census, 1790, as number 63, appearing 651 times.

In 1805, Levi CARTER and Peter CASSEL were on the tax
rolls in Greene County, Tenn.
GENEALOGICAL RECORDS

Levi CARTER, my Patriot

A newspaper article about Carter Station United Methodist Church, "Early white settlers from New Jersey, by way of Pennsylvania, Virginia, and Surrey County, North Carolina, came upon a fortified Indian Village, made peace with the Indians, and established a settlers fort in 1783". Many of the settlers and members of their families and their descendants are buried in the cemetery near the site of the fort. The first person buried was a Mr. Hardin, whose mocassins became entangled in the brush of a cane-brake on the north side of Lick Creek when he was overtaken by the (Cherokee) Indians, and killed.

The 1805 Camp meeting at Carter's Station began 23 Aug. 1805, and lasted four (4) days. 10,000 people came. The families camped.

In Greene County, Tenn. records, Elijah CARTER, (a son of Levi) bought a razor, knife, a pair of spectacles, Bible and a chair from the estate of Joseph Carter Sr. (deceased) 16 Nov 1811.

In the Court of Pleas and Quarter Sessions (1814-1818) page 253. On 26 July 1815, 15A each from Jesse, John and Levy Carter was transferred to Caleb and Joseph Carter, for their parts as Heirs of Levy Carter (deceased). (sons) On 27 July 1816, Elijah Carter transferred his share to Joseph Carter, (with Joseph Carter, Jr. and Jabesh Carter, witnesses.) On the 16 Oct 1815, Levi's daughter, Susannah and husband Absolom Templeton sold their 16A share to Joseph Carter. (John Carter was a witness). On the 13 Sept 1815, daughter Rachel and husband John Hartley sold their share to Caleb Carter (bro). If Susanna's land (Levi Carter, Sr. estate) was divided equally at 15 and 16 acres each, there might have been 10 children.
